

**TYP03**

# Front Vulnerability to Stability: Inside TP03's Security Process

WHAT WE DO TO HARDEN THE „FUTURE TYPE 3“-SAS

We're currently trying out

various fitted variates.

semgrep

**Beaarer**

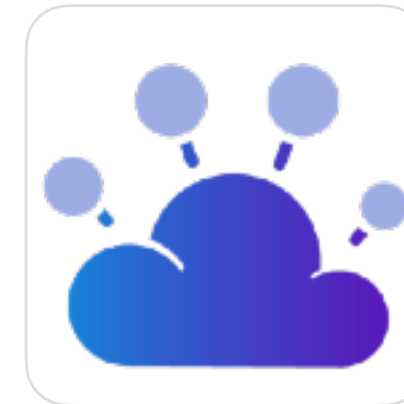

An orange starburst graphic with multiple points, centered on a white background. The text "[WIP]" is written in white, bold, italicized capital letters across the center of the starburst.

***[WIP]***

We're currently **trying out** various software **candidates**.

- Semgrep
- Opengrep
- Bearer
